

Women's Discipleship
Romans Chapter 2

1. In 2:1-11 Paul elaborates the judgment to which Jews, like gentiles will be subjected. What are 3 basic points he makes regarding God's righteous judgment? And how are Jews just as guilty as gentiles?
2. In verses 12-16 describe the relation between Jews, gentiles and the law. Paul alleges the result for both groups is the same. What is that verdict?
3. In verses 17-29 Paul addresses Jewish sin and the covenant. Why did Jews in Paul's day think that their sin would not count against them? In what ways does it appear the Jews misunderstood the covenant and what point is Paul trying to get across regarding their salvation?
4. How does Paul relativize the whole concept of "Jew" in verses 28&29? And what does he argue constitutes being part of God's true people?
5. Identify the way in which God confronts all people with His law.
6. Only faith in Christ puts a person in right relationship with God. Yet, three times in Romans 2, Paul appears to suggest that people might be saved by works 2:7; 2:13 and 2:26-27. Jumping forward to Chapter 3 how does he use verses 3:9 and 3:20 to refute this idea and why do you think he brings up this tension in the first place?
